

SERVE SUNDAY – FEBRUARY 26TH

Vocal I.D.

Lend your voice to someone who needs it! Many people around the world must communicate using digital devices, due to various special needs and disabilities. Vocal I.D. is an organization that collects real-life voice samples and makes them available to those who need them. This way, a person can find voice samples that match their own unique voice, rather than using a computerized digital voice. This team will simply record themselves speaking a provided list of words. All that is required is access to a computer!

Where: Palmer campus

Time: 1:00 pm – 2:30 pm

#: Unlimited!

Age: Children, Youth, and Adults welcome!

Days for Girls – Sewing Project

We will be working on a sewing project to help African girls stay in school. Every year these girls miss up to two months of school and opportunity due to a lack of feminine hygiene products and the shame associated with it. We will be making reusable feminine hygiene kits for them. We need people who know how to use sewing machines but non-sewers are also needed to iron, turn, and measure the items. The hours for this project will be 10 am to 2 pm, but you are welcome to come for as long as your schedule dictates. Because the kits include some items that need to be purchased (i.e. soap) monetary donations for this project are also welcome.
